## Education

### Purdue University

Bachelor of Science in Industrial Engineering (BSIE)

Indiana, USA

8/2008 - 5/2012

### University of Louisville

Project Management (PMI) Certificate

Republic of Panama

8/2012 - 9/2012

## Work Experience

### Deloitte Strategy & Operations Consultant

Prepared two winning service proposals for the private and public sector.  
Documented, with flowcharts, the standard financial processes of public entities.  
Project manager for the financial software implementation in the public sector.  
Government diagnostic (Ministry of Economy and Finance): Created a questionnaire and used analytic tools to measure 45 public entities in 3 dimensions (processes, people and technology) to implement a new financial system. Designed a road map to solve the issues and implement the system.  
Supply Chain Services (Deloitte Internal Services): Created a maturity model to evaluate supply chain processes.  
Prepared a proposal and a client list to offer them our services.  
Finance Transformation Lab (Copa): Designed a strategic workshop for Copa Airlines' financial department.  
Prepared the final analysis of the problems and initiatives identified in the workshop.  
PMO Implementation (Grupo Corporativo Pérez): Designed a Project Management Office. The design included the organization, positions, key performance indicators, job roles and methodology (based on PMI).
